2023 East Ayrshire Car Club Spring Sprint Weekend

Dear Competitor

On behalf of East Ayrshire Car Club, we look forward to welcoming you to another year of motorsport at Kames Motorsport Complex.

Once again our event is a counting round of the **Scottish Sprint Championship, Lowland Speed Championship** and **The Cross Border Speed Championship** and for the first time the **Revington TR/TR Register Sprint & Hillclimb Championship** and we welcome competitors in all these championships to Kames.

In order to make these events fun, run both efficiently and safely there are a number of rules which we require all competitors to adhere to.

Entry

The preferred method of entry is online. In the situation that the entry list is full, a reserve list will be run. We appreciate if you would notify any cancellations as early as possible in order that another competitor may take your place.

Event Information

All event information will be “pushed” to you via the Sportity App or shared on <http://eastayrshirecc.co.uk/sprints>

Signing On

This will be done virtually via the online event management system. This system requires you to upload copies of your:

1. club card
2. Motorsport UK licence

Please note there will be no option of signing on at Kames.

The Event

The Clerk of the Course will deliver a briefing before practice begins on each day.

Please note that in line with East Ayrshire Car Clubs environmental goals, tyre warming by spinning wheels and single use plastic tyre coverings (i.e. pallet wrap) are no longer permitted at Kames Motorsport Complex.

After the Event

The awards will be available as soon as possible after the event results have been declared final.

If you are leaving the event before the end of the day please discuss this with the Clerk of the Course and show consideration for those still competing, retrieve your trailer only when it is safe to do so, and load your car up without impeding the running of the event.

Thank you for your support. EACC look forward to you competing at Kames in 2023.
